ACTIVITIES & PROGRAMMES FOR THE YEAR OF 2014-2015

HEALTH & FAMILY WELFARE PROGRAMME

The programme was conducted in Patna district of Bihar state.

The basic objectives of Health and Family Welfare Programme, run by OUR SOCIETY are:

- ❖ Develop and implement a community based, low cost primary health care programme for communities, supported by the partnership of private doctors, & referral services.

- ❖ Reducing the birth rate.

- ❖ Organize effective action oriented health workers, who will initiate and manage health care programme.

The program constituted a range of educational and preventative activities with a focus on maternal health, family planning awareness, preventing newborn death, etc. The society conducted educational camps to aware the community on health.

SOCIAL AWARENESS PROGRAMME

The organisation conducted the programme in Patna District of Bihar State. Our society working for people's welfare through development works. Society started working with the help of volunteers, social worker and community. In this programme our society working for road repairing, sanitation, plantation etc.

Under development programme our Society time to time also organized health & family welfare programmes for improving their health standard. Society's working area is Jamui where literacy ratio is very low. They do not know how preserve their health & curing diseases which they are facing.

EDUCATIONAL DEVELOPMENT PROGRAMME

The organisation conducted the programme in Patna District of Bihar State. The spread of education in a vast country like ours has always been a challenging task. If we talk about education in rural area this figure is very cruel.

The literacy rate in rural areas increased from about 36 per cent in 1981 to 59 percent in 2001. The corresponding rates in urban areas corresponding rates in urban areas were about 67 and 80 percent, respectively, thus rural -urban gap has although declined from about 31 to 21 percentage points but the void is still very wide. So, OUR society decided to organize rural education programme as primarily.

are trained. While his life is guaranteed by food, it is glorified Education is a process of development from the cradle to the grave. Man becomes a gentleman through education and he alone can be educated with the other living organisms by education. However,

of employment and a new dynamism in our economic growth. But while it is an undeniable fact that no community or society or district or state or nation can prosper without having educated manpower. Education is the most powerful instrument for imparting ideal training to the people.

India today is striving out in to the modern world. We are looking ahead to new technology, to high technology, new types we look ahead, we must not forget the millions who are below poverty line in our rural areas. We must pay attention to the scenario of education prevailing in rural areas of the country.

want to organize rural education programme for all villagers. OUR society realize that the village based education programme can sustain for larger period of time if the village community based is able to take over its running. Community participation in education in rural areas not only ensures physical and human facilities at schools but also motivates the teachers to achieve higher quality of education. Integrating an income generation component into the education programme may also help a great deal.

SOCIAL JUSTICE PROGRAMME

The programme was conducted in Patna district of Bihar state. We make people understand about social justice, in this program, what its about. protection of equal access to liberties, rights, and opportunities, as well as taking care of the least advantaged members of society. Thus, whether something is just or unjust depends on whether it promotes or hinders equality of access to civil liberties, human rights, opportunities for healthy and fulfilling lives, as well as whether it allocates a fair share of benefits to the least advantaged members of society.

OTHER ACTIVITIES

Organization executed many other programmes and people got benefited in large scale. Some information has also been recorded from different localities for future use.
